

# Andy Bush Scholarships 2021

## For trainees interested in Paediatric Respiratory Medicine

### Paediatric Respiratory Medicine: an evolving and dynamic speciality

#### What does Paediatric Respiratory Medicine involve?

- Management of complex acute & chronic conditions: asthma, cystic fibrosis & rare diseases
- Technical skills including flexible bronchoscopy & cutting edge diagnostics
- Advocating public health issues at local and national level to promote lung health

#### 7<sup>th</sup> King's John Price Paediatric Respiratory Conference, DIGITAL

The largest paediatric respiratory event in the UK.

Short lectures, plenary sessions, interactive seminars, fireside chats & poster sessions delivered by world leaders in the field.

**To increase interest in the field the Conference board is offering scholarships to attend the 2021 Conference**
